### TOMBSTONES USED TO DESCRIBE BOUNDARIES

#### INTENSE ACTIVITY AT THE NEW TUNGSTON FIELD AT SODAVILLE

The tungsten excitement at Sodaville inspired the following press dispatch to be sent out.

Tombstones are being used for location monuments in the new mining district near Sodaville, where a fabulously rich ledge of tungsten ore was discovered ten days ago, according to reports brought to Reno by men who answered the call of the desert and rushed to get some of the claims.

One miner located the village cemetery, and as there were no rocks near, he used some of the best looking tombstones to mark the boundaries of his claim.

Others soon followed suit, and now the relatives of the departed, interred there years ago, would have a hard time recognizing one grave from another.

In connection with the foregoing dispatch is a letter received today by Davidovich & Plamenaz, who are interested heavily in the Sodaville section. A portion of the letter states:

"We are having quite a mining boom in this district at this time. Tungsten seems to be more in demand than anything else in the metal line. They have opened up a great body of heuburnite (tungsten) close to the cemetery at Sodaville. It has already been sold for \$40,000. There is also a very important gold strike close to the old Bell mine. Wingfield has a deal now on for this property."

### NEW LEDGE FOUND IN THE CASH BOY MINE

#### DRIFTING STARTED TODAY ON A LARGE BODY OF FAIR LOOKING QUARTZ

A very promising development has taken place in the Cash Boy. It is on the 1450 level, twenty feet from the line of the Extension and the trend shows the vein to extend within the lines of the Cash Boy.

The ledge is from four to five feet in width and samples \$5 a ton at the point of intersection. Drifting on the vein was begun today. In the meantime ore is being extracted from one intermediate from the raise.

#### ANOTHER MEETING

Another meeting of the executive committee that has relief work in charge for the winter, as well as the arrangements for the Christmas tree, will be held Sunday afternoon at 2 o'clock in the club room at the Mizpah. Meanwhile the various committees are proceeding with their work in rapid and systematic manner.

#### CASE NEARING AN END

The defendant had about concluded this afternoon in introducing testimony in the case of J. Grant Crumley versus the Southern Pacific railway company, which is being tried before Judge Averill. It is an action to collect \$2,000 damages for being ejected from a drawing room.

#### GARBAGE NOTICE

We don't mean to overlook anyone, but owing to the fact that we have had such a heavy run for the last ten days is why we are a little late in getting around. The public neglect to make preparations for the third wagon for Thanksgiving and that threw all that work on the two wagons, so if you will have patience, and always call phone 1025-5, your wants will be attended to.

#### CITY SCAVENGER

—Adv. D114

### NOTICE

1915 taxes, State, County and School, are due and payable at the office of the County Treasurer. If not paid on or before December 8th they will become delinquent and the penalties provided by statutes will be added.

N. K. FRANKLIN, County Treasurer

#### NOTICE TO EAGLES

Further nominations and election of officers by Tonopah aerie, No. 271, F. O. E., will take place Friday evening. All members urged requested to be present.

C. L. RICHARDS, Secretary

W. D. FORSTER autoed over today from Goldfield on railroad business.

### COME SEE STELLA AND AID SWEET CHARITY

#### ONLY A DIME, TWO JITNEYS, FOR ANYTHING IN ELK'S HOME AT ROUNDUP

The next big social event in Tonopah, and the most unique and interesting of the year, will be the grand roundup on the evening of December 15. Preparations are being rapidly made by Tonopah lodge, No. 1082, B. P. O. Elks for a charity bazaar, the proceeds to be devoted to helping deserving folk to enjoy their Christmas.

The event will take place at the home. It will be a double jitney affair, nothing to cost over a dime. Tickets are being sold now for \$1, but they will be redeemed at the door in the form of checks for the various entertainments.

The chief attraction, of course, will be Stella. She declined all other engagements to come here and be exhibited for sweet charity's sake. On account of this particular feature of the program, no married woman should permit her husband to go to the roundup unattended by herself or some other capable chaperone. All the men and all the wives in town, even the unwed and the small fry, are invited. More about this tomorrow. It is to be a story to tell in one day.

Another deposit of tungsten ore has been discovered one mile west of Sodaville. It is on the Bob Stewart ranch. C. E. Noble owns a third interest in the property. Assays show that it is very rich. A bond has been given on the property. Mr. Noble has a method of testing tungsten ores which it would be well for all prospectors to know, as the ore is very deceiving in appearance.

His method is to crush the sample and place it in a saucer, covering it with hydrochloric acid. Then he adds a little tin, scraped from a can and if the solution turns blue it is certain that it is a tungsten ore.

### EXCELLENT COMEDY BY PRINGLE CO.

#### CONCLUDING PERFORMANCE WAS GIVEN IN THE AIRDOME LAST EVENING

"Baby Mine," was the play presented by the Jolly Della Pringle company last night and was all that could be asked for.

The comedy was on continuous laugh from start to finish. Arthur Bolanco, as the husband unable to believe his wife, was above par. Della Pringle as the wife who's life was one long lie, was simply great. C. K. Van Auker, the friend furnished many a laugh with his hesitation in speech, and Hazel Stone, who conceives the idea, saw it turn out a sad failure. Barrow Le Paige was very funny as the Irish cop. As a whole the show was one of the best comedies ever seen in Tonopah.

### AND STILL THE VOTES KEEP ACCUMULATING

#### MISS DAVIS CONTINUES TO MAINTAIN A GOODLY LEAD IN THE VOTING CONTEST BEING CONDUCTED IN THE BONANZA BY THE NEVADA FILM COMPANY, INC., OF TONOPAH.

Miss Davis continues to maintain a goodly lead in the voting contest being conducted in the Bonanza by the Nevada Film Company, Inc., of Tonopah. Miss Malone, however, is closing up the gap as rapidly as she and her friends are able, evidencing that the contest will have a close and exciting finish. There is now less than a month remaining in which to choose the candidate. Following was the standing this morning:

Miss Isabel Davis, 133,400.  
Miss Eleanor Malone, 89,850.

PROF. TOM WALKER, instructor in the high school, returned this morning from a brief visit to San Francisco.

### TUNGSTEN DEPOSITS WEST OF SODAVILLE

#### MINING MAN TELLS PROSPECTORS HOW TO MAKE TESTS OF SUSPECTED ORE

Owing to the strong demand for tungsten acid, which is used in hardening steel and for other purposes, the search for the ores of tungsten is becoming active. Two deposits have recently been opened in this region. One is ten miles west of Sodaville in the Excelsior range. The mineral comes in the form of schellite, resembling a spar quartz. Already the property has forwarded 50 tons of the ore. The price of the metal has quadrupled since the war began, owing to its use in the manufacture of cannon and projectiles.

Another deposit of tungsten ore has been discovered one mile west of Sodaville. It is on the Bob Stewart ranch. C. E. Noble owns a third interest in the property. Assays show that it is very rich. A bond has been given on the property. Mr. Noble has a method of testing tungsten ores which it would be well for all prospectors to know, as the ore is very deceiving in appearance.

His method is to crush the sample and place it in a saucer, covering it with hydrochloric acid. Then he adds a little tin, scraped from a can and if the solution turns blue it is certain that it is a tungsten ore.

### GOLDFIELD EAGLES TO GIVE MINSTREL SHOW

The Eagles from Goldfield will fly over today and this evening will entertain the people of Tonopah with a splendid minstrel show in the Butler theatre. It is a proven production, having packed the house twice at Goldfield. The comment on the production is that it is much better than the traveling minstrels that visit Nevada.

Already the ticket sale is heavy and there is assurance of a crowded house at the Butler this evening. The proceeds of the entertainment will be used to defray the expense of entertaining the grand aerie when it meets at Goldfield next spring.

### SANTA CLAUS' AGENT RECEIVES REQUESTS

Bill Evans, the chief of police, has now gotten into communication with Santa Claus through the reopening of Dr. Cook's wireless telegraph station at the North Pole. He has been authorized to receive all communications that may be addressed to the jolly old fellow and hold them until further notice. This doesn't mean that all the requests will be granted, but it isn't much trouble to write a letter.

This morning the chief received two missives. One was from a little girl who was very desirous of receiving a doll and doll carriage, while a masculine tot urgently insisted upon a bull pup and a burro.

### AMUSEMENTS

#### BUTLER THEATRE

Tonight the Butler theatre has been turned over for a minstrel show to be given by the Goldfield Eagles under the auspices of the Eagles of Tonopah. This show was given at the Exchange theatre on Sunday night to a packed house and was pronounced first class in every way, shape and manner. Everyone who saw it came away boosting and feeling that they had received their money's worth. There is plenty of dancing, singing, new jokes and lots of fun. You can judge of the size of this mammoth theatrical organization when we were informed that there would be twenty-six people on the stage at one time.

Everybody is invited to be present and assured a good time and a very pleasant evening. Tickets will be sold on the street and also at the theatre. Children and balcony seats, 25c; lower floor, 50c anywhere in the house, box-seats reserved at 75c. The curtain will be rung up at 8:15.

Tomorrow, Pathe Weekly and a World Film Feature, "The Master Hand," featuring an actor whose name is a household word throughout the country, Mr. Nat Goodwin. Mr. Goodwin played here in Tonopah a number of years ago in the old Nevada theatre, but this will be his first screen appearance to the Tonopah public
